One Hundred and Ninety Years Ago

Benjamin Franklin began to save his pennies. The business he started on those pennies is still flourishing today.

You can earn dollars where Ben earned pennies.

You can save safely where Franklin had to take a chance with a worn-out purse.

You can earn interest with us where Franklin earned none. And yet you say that you have no chance. See us about it.

Bank of Hawaii, Ltd.

Capital-Surplus, \$1,200,000

The "Toric" lens is ground with a deep, inner curve, which permits of the lens being placed much closer to the eye, allowing a wider range of vision with no perceptible edges or annoying reflections. The "Toric" lens is for particular people who want the best and are satisfied with nothing less. It costs a little more, but it is worth it. We fit the "Toric" in eye-glass or spectacle.

Factory on the premises.

There is one medicine that every family should be provided with, and especially during the summer months; viz. Chamberlain's Colic Cholera and Diarrhoea Remedy. It is almost certain to be needed. It costs but a quarter. Can you afford to be without it? For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

WAGE SCALE FOR BRITISH FLYERS

The scale of pay for the naval wing of the Royal Flying Corps of Great Britain has just been published. The commanding officer is to receive £800 per annum, "with quarters inclusive of all allowances." The remainder of the list is shown in the following table:

Rank	Pay
Squadron commander	£850
Flight commander	£750
Flying officer	£650
Warrant officer	£550
Chief petty officer	£450
1st-class air mechanic	£400
2d-class air mechanic	£350

Men under tuition at the flying school will receive the ordinary pay of their rank plus one-half the flying pay. Men injured or killed in the flying service are to be treated as if wounded or killed in action. Service of officers in the Royal Flying Corps, with the exception of reserve service, is to count as service in a ship of war at sea. These figures will probably seem to the layman rather niggardly in view of the hazardous character of the service. Its death rate, considering the number of men engaged, is probably higher than that of most battles. But, on the other hand, no government has had any trouble in recruiting its flying department at the ordinary rates of pay, and there is always a long waiting list.

EDNA LOFTUS IS TOO FAST FOR SAN RAFAEL; ORDERED OUT OF TOWN

Authorities Act After Former Singer Led Many Young Men Astray

SAN RAFAEL, Cal., Aug. 12.—Mrs. Harry Rheinstrom, better known as Edna Loftus, formerly a London music hall singer, who has for two years been in the limelight of notoriety in this state, was ordered out of town tonight by City Marshal Edward J. Daly.

She was given one hour to depart and having received the order at 6 o'clock this evening she was ready to go within the time limit and took the train for San Francisco.

Miss Loftus was first married to Winnie O'Connor, the jockey. The marriage soon ended in the divorce court, and she returned to the stage. As one of the "rain deers" on the vaudeville circuit she attracted the attention of Harry Rheinstrom, the son of a millionaire brewer of Cincinnati. They eloped and were married in Kentucky January 6, 1910. Rheinstrom had been adjudged incompetent previous to his marriage. They came to this state and the young heir to the Rheinstrom millions was again adjudged insane and sent to a private asylum at Stockton.

Mrs. Rheinstrom came to this city several months ago and her stay here has been marked by numerous touches of high life involving a number of young men, and has resulted in breaking up at least one family, which brought matters to a climax.

SUGAR BEETS IN GERMANY AND AUSTRIA

From information obtained from the various German beet-sugar factories, the Imperial Bureau of Statistics has recently published data showing the sugar-beet acreage in Germany for the coming campaign year, also the number of factories which will be in operation.

According to the official figures, the number of factories in 1912-13 will be 344, as compared with 341 which were in actual operation during the previous year. It may be stated that at the commencement of the campaign year 1911-12 there were 247 factories reported, but on account of the small sugar-beet crop of that year six of the plants turned over their stock of raw material to other factories to be worked up into sugar.

There have been 1,350,077 acres planted in beets this year, as compared with 1,243,652 acres during 1911-12. Of the total acreage in 1912-13, 67,422 acres are either owned or leased by the factories, in contrast with 71,475 acres in 1911-12; 515,489 acres are planted by stockholders or others who are under contract to furnish the factories with sugar beets, against 510,483 acres in 1911-12, and 767,166 acres are planted with beets not contracted for, as compared with 661,694 acres during the previous campaign year.—Consular Report.

JAPANESE WIDOW SHARES STATE INSURANCE FUND

OLYMPIA, Wash., Aug. 7.—Although Mrs. Nakatani Okazaki, her daughter and two sons, have never crossed the Pacific from Japan to America, they will receive a pension of \$35 a month until a total of \$4000 has been paid from the industrial insurance fund of the state of Washington. The husband and father was killed in an accident in a sawmill at Bellevue, and the state industrial insurance commission has allowed the death claim to his Japanese dependents. The amount, which is considered a moderate award in America, will make the Okazaki family independent in their native land.

"Charley, dear," said young Mrs. Torkins, "did you say those blue chips were worth a dollar apiece?" "Yes." "Well, here is a whole boxful that I got for 98 cents, with some other colors thrown in!"
